Description

The App Dev Summer Camp features fun, engaging workshops on mobile app development using [Thunkable](#), which is a drag-and-drop app builder. In this week-long camp, Grade 4-7 coders will plan and prototype their app designs, learn basic coding concepts, and present and demo their projects on the final day!

Camp schedule

Website: <https://sciencealive.ca/app-dev-camp-details>

Dates	Times	Grade	Location
July 4-7	9:30 am-3:30 pm	4-5	Either SFU Surrey campus or the SFU Sustainable Energy Engineering campus. Room # will be confirmed closer to the camp start date.
July 10-14	9:30 am-3:30 pm	6-7	
July 17-21	9:30 am-3:30 pm	4-5	
July 24-28	9:30 am-3:30 pm	6-7

Waitlist link

If the camps are full, please fill out this waitlist: <https://websurvey.sfu.ca/survey/448672494>

App Dev Summer Camp

Program overview and requirements - Summer 2023

Additional notes

- Please only sign-up for one camp week. These are all the same camps.
- We work with small class sizes so each camp only has 10-15 spots.
- These camps are offered at no cost. If you sign up and are unable to make it, please give us at least two week's notice before the camp start date so we can offer the spot to someone on the waitlist.
- The deadline to sign up for these camps is June 12, 2023 (11:59 pm) or until spots are filled.
- More information about the camp will be sent out a week before the camp start date.

What to bring to camp

- Refillable water bottle
- Peanut/nut-free snack and/or lunch
- A thin sweater or jacket, in case you feel cold indoors.
- Mask although this is optional.

COVID-19 Safety Measures at SFU

We are excited to open up our campuses to visitors again. All visitors must follow all the [COVID Safety Measures](#) in place on all three campuses (see more information below).

- **Face coverings:** [Masks are a personal choice, and are no longer required in indoor public spaces. SFU encourages mask use on our campuses at this time, and particularly in spaces where we are in close proximity.](#)
- **Vaccine:** Vaccination remains the best way to protect yourself and others in your community. SFU encourages you to get your [COVID-19 booster dose](#) as soon as you are eligible.
- **Stay at home if you are sick and get tested:** [Find a testing centre near you.](#)
- **Wash your hands regularly:** [Proper handwashing is the best way to stop the spread of germs.](#)
- **Complete the COVID self-assessment:** [Complete a self-assessment daily before coming to campus.](#)
